

YOUR WATER & SEWER BILL HAS NEARLY DOUBLED AND WILL QUADRUPLE BY 2029

Did you submit a Proposition 218 protest form against the water and sewer rate increases? Despite approximately 6,400 protest forms submitted, a historic opposition, the City Council raised rates anyway.

We are gathering signatures to put the Water & Sewer Rate Repeal Initiative on the ballot, so voters can repeal the adopted increases and require the City to justify any replacement rates with transparent data and a lawful cost-of-service analysis.

SIGN THE PETITION

Visit CerritosRateRepeal2026.org for us to come to you or to be updated on signing dates. Petitions must be wet signed and cannot be completed online.
